

Celeb Hair Changes to Try Now

LIKE THESE LOOKS? WE GOT THE SECRETS TO MAKING THEM WORK FOR YOU

A MAJOR CUT

Jennifer Lopez chopped off several inches for this shoulder-skimming lob. “We wanted to do something chic and classy that highlighted her features,” says her pro Chris Appleton. He says this look is easiest if you have straight hair. “If your texture is curly, be prepared to take time to style it.”

Pro Tip! Sleekness with lots of shine is key for a look like J.Lo’s, so invest in a quality flat iron and a heat protectant to keep hair healthy.

SOFT BANGS

Jennifer Garner’s pro Adir Abergel loves “curtain bangs”: “They are soft on the ends and could be worn across the forehead or swept to the side.” (Nervous about making a cut? Try clip-ins, as he used on Garner.)

COPPER RED

“We’d talked about doing it since last year,” says **Zendaya’s** hairstylist Ursula Stephen about this color she debuted at the Emmys. Red can be prone to fading, so keep the shade vibrant with a color-depositing conditioner.

EXTRA-LONG EXTENSIONS

Hairstylist Lorenzo Martin taped (18-inch!) Great Lengths extensions into **Gwyneth Paltrow’s** hair for a longer, fuller effect. To get a natural look like hers, ask your pro to blend in a few different shades for dimension.
